

Dear City Manager,

I would like to see the Stark boat ramp to remain a public boat ramp. The suggestions for maintaining the ramp seem reasonable to me.

I am a kayaker and travel the Tualatin River frequently. I would like to see it maintained and able to be used for the public. As for me, if I ever have an emergency while kayaking on the river it would be nice to know that I have an option to pull out to a safe place at the Stark boat ramp. I've never used it but it is nice to know that that option is there should I need it for an emergency. Please consider keeping the ramp usable for all concerned.

Thank you,

Amanda Shafer
